Emergency Procedures

Fire

Upon the College's notification that a fire has been discovered in the building, the fire alarm bells will sound. The fire alarm produces a continuous ringing bell sound and flashing for hearing impaired. If you hear it, exit the building according to the instructions posted in your area. After exiting the building, move to a grassy area at least 100 feet from the building out of the way of emergency vehicles. Stay out of the building until the all-clear signal is given by Public Safety. The faculty and staff will help handicapped people exit the building. As soon as the alarm is sounded, the elevator in the West Hall will move to the first floor and remain there. There is an Evac chair at the top of the North stairs that should be used to evacuate anyone who cannot walk down the stairs.

Tornado

The tornado warning alarm is characterized by a high-pitched, interrupted wailing sound like that of a siren. When this alarm sounds, go immediately to the nearest shelter area according to the directions posted in your area or listed in the Emergency Procedures Manual. Stay away from all external and internal windows. If you do not know where to go, go to a restroom on the first floor.

Additional information about emergency procedures and policies may be found in the emergency procedures manual or by clicking [here](#).

Student Activities and Clubs/Organizations

Information on all campus organizations and activities is available at www.edisonohio.edu/clubs-and-activities/.

Forming a New Student Club or Organization

- In keeping with Edison State's mission, the formation of recognized clubs must be conducted by currently enrolled Edison State students, faculty, or staff. Students who wish to create a new student club must identify an Edison State faculty or staff member to serve as the club advisor. Students, faculty, or staff who wish to create a new club should reach out to studentlife@edisonohio.edu for more information and next steps.

All approved clubs shall adhere to the following guidelines:

1. The club advisor must review procedures for requesting and spending funding which the club might receive.
2. The club will create and submit a Statement of Purpose and updated rosters annually.
3. Club advisors and all active roster members are required to complete anti-hazing training annually for the state of Ohio.

Fitness Center

The Fitness Center is available for all students during open building hours. Summer hours may vary with building hours.

Students shall abide by all rules of the Fitness Center, which are posted in the Center. Discounted and free exercise classes are available several days per week.

Academics

Academic Calendar

The complete academic calendar for the current year is published in the Academic Catalog. A version of the calendar is on Edison State's website. Edison State offers a variety of options for students to schedule their classes according to their needs. We have 16-week semester classes, 8-week semester classes and 4-week semester classes.

Academic Standing

GPA (grade point average) is determined at the end of each semester a student receives an electronic grade report which includes grades, earned hours, quality hours, quality points and grade point average. This information is presented for both the completed semester and the student's cumulative program at Edison State. This information can be found on MyESCC.

Sample Grade Report

Course	Credit Hours	Grade	Points	Total
Personal Computer Application	3	B	3	9
Composition I	3	C	2	6
Introduction to Geography	3	C	2	6
Western Civilization to 1715	3	D	1	3
Microbiology Lab	1	A	4	4
Microbiology Lecture	2	B	3	6
Total	15			34
GPA = 34/15 = 2.27				

To determine your GPA: Multiply the grade value of each course by the number of quality hours for each course to determine the quality points. Add the quality hours and quality points. Divide the total quality points by the total quality hours to determine your GPA for the semester. To calculate your cumulative GPA (all semesters) add your total quality hours and total quality points for all semesters.

Academic Probation

If your cumulative grade point average falls below the following minimum grade point averages, you will be placed on academic probation. Students placed on academic probation are required to meet with a Career Pathways Advisor prior to registration. The advisor will determine an appropriate course load and may restrict the number of credit hours attempted and will develop an adjusted student plan.

Total Credit Hours Attempted*	Minimum Cumulative GPA
12–15 semester hours	1.7
15.01–30 semester hours	1.8
30.01–40 semester hours	1.9
40.01 or more semester hours	2.0

* Attempted hours do not include non-credit or non-graded courses.

A full-time student will continue on probation the following semester even though the cumulative GPA is below the minimum stated in the probation policy. However, the student must achieve at least a 2.0 GPA for each semester while on probation. "Academic Probation" will appear on the student's transcript for each term of probation status.

A part-time student whose cumulative GPA is below the minimum stated in the probation policy will continue on probation. However, the student must achieve at least a 2.0 GPA during the 15 semester(s) in which the next 12 credit hours are attempted*. "Academic Probation" will appear on the student's transcript for each term of probation status.

A special review of probationary status will be completed in the semester the student intends to graduate if 12 credit hours have not been completed since the last review.

Academic Probation

If your cumulative grade point average falls below the following minimum grade point averages, you will be placed on academic probation. Students placed on academic probation are required to meet with a Career Pathways Advisor prior to registration. The advisor will determine an appropriate course load and may restrict the number of credit hours taken during upcoming semesters.

Academic Suspension

A full-time student achieving less than a 2.0 GPA for the next semester following placement on probation and whose cumulative GPA is below the minimum stated in the probation policy will be suspended from the college.

A part-time student on probation, achieving less than a 2.0 GPA over the semesters in which the next twelve (12) credit hours are attempted following placement on probation, will be suspended from the college.

A full-time transfer student admitted on probation who achieves less than a 2.0 GPA in his/her first semester (first twelve (12) credit hours for part-time transfer students) will be suspended from the college.

"Academic Suspension" will appear on the student's transcript of any student suspended.

Readmission

Any student suspended for academic reasons for the first time qualifies for readmission on Conditional Status by remaining out of the college for at least one full semester (summer term excluded). He/she may also petition the Readmission Committee for immediate readmission on Conditional Status. Petitions will be decided on an individual basis.

Any student on Conditional Status may register during a regular semester for not more than seven (7) credit hours of course work nor for more than four (4) credit hours of course work in an eight-week session; unless special permission is obtained from the Readmission Committee.

Students readmitted after a first suspension, either by committee or by remaining out the required semester, will be suspended a second time if they do not achieve a minimum 2.0 GPA for the readmitting semester.

After a second suspension, the student will be eligible to apply for readmission to the college on Conditional Status only after remaining out of the college for at least one full semester. No immediate readmission will be considered except in extraordinary circumstances. Students readmitted after a second suspension must meet with a Career Pathway Advisor to have an appropriate academic course load determined. Students readmitted after a second suspension will be suspended a third time if they do not achieve a minimum of 2.0 GPA for the readmitting semester.

Students suspended for the third time will be required to remain out of the college for one full year. Applications for readmission following a third suspension shall be processed by the Readmission Committee on an individual basis.

Dean's List

A student must complete 12 credit hours with a minimum grade point average of 3.5 to be eligible for the Dean's List. A student carrying fewer than 12 credit hours will be eligible for the Dean's list for the

first time at the end of the semester in which 12 credit hours are earned if the cumulative GPA is 3.5 or higher.

Credit for Prior Learning

Edison State may award credit for college-level learning gained outside of college through a variety of methods which consider the knowledge adults acquire as they live, work and learn. These methods include:

- Credit by Examination
- Portfolio Evaluation
- Military service training recommended by the American Council on Education (ACE)
- Business or Government training recommended by ACE

To receive credit, a person's knowledge must be documented or verified through one of the above ways as being college level and appropriate for the degree program. A maximum of 30 semester hours may be earned.

Academic Advising

Students are encouraged to meet with an advisor prior to registration each semester. Advisors are available to assist students in long-term and short-term planning for their academic programs.

You should meet with your faculty advisor each semester to:

- Confirm that you are pursuing the right academic major to set you on your career path.
- Identify the courses you will need to accomplish your academic goals.
- Review your student plan, tailored to your lifestyle and work schedule.
- Learn about opportunities for internships and other experiences.

To schedule an appointment with your faculty advisor, contact the Academic Project Specialist of the Academic Division.

New students should meet with their assigned Career Pathway Advisor. New students must declare a career pathway and major upon application to the college. The Career Pathway Advisor will assist the new student with identifying career and educational goals, designing and creating a student plan and helping them learn ESCC technology systems to schedule and register for their upcoming classes.

Students who wish to meet with their Career Pathway Advisor may contact them directly or call 937.778.8600 for assistance.

Course Syllabi

Standard course syllabi for all classes may be obtained online by looking at the course description in the academic catalog. Specific course syllabi will be distributed in class. Syllabi for online courses are posted on the Blackboard site for those sections.

Change of Address

Students can provide their change of address by logging onto [MyESCC](#). All changes made on MyESCC take 24 hours to process and will appear the following day.

Procedures for Accepting Academic Work from Non-Regionally Accredited Institutions

Accepting work from a non-regionally accredited institution will apply only to applied degree programs (AAB, AAS, and ATS degrees). Student petitions for review of this coursework will be on an individual basis, allowing for consideration of each student's knowledge base, recent use of course knowledge in the workplace, and supporting course work from educational experiences.

For the course work to be evaluated, the student should compile documentation demonstrating that the learning outcomes for that particular course are met. This documentation should include:

- Name and contact information for the student

- Edison State syllabus
- Transfer course syllabus, catalog course description
- Name, author and publisher of any texts used
- Copies of coursework for the course, including papers, projects, tests, and study guides that demonstrate the academic rigor and depth of the course.

The student should submit this documentation, in one packet, to the college Registrar.

The Registrar will distribute the packet to the Dean of the department for review. The Dean may contact the student for additional documentation if necessary.

After consultation with the faculty members in the department, the Dean will have the final decision concerning the transferability of credit.

The final evaluation will be completed, signed, and forwarded to the Registrar. A copy of the completed evaluation will be sent to the student.

Transferring Credit to Edison State

When a student is admitted to Edison State, transfer students must request official transcripts from all previous institutions be sent directly to the Registrar's Office. Upon receipt of these official transcripts, they will be evaluated, and credit will be granted for acceptable work completed at other approved colleges and universities.

To recognize courses appropriately and provide equity in the treatment of incoming transfer students and students native to the receiving institution, transfer credit will be accepted for all successfully completed college-level courses completed in and after fall 2005 from Ohio state-assisted institutions of higher education. Students who completed A.A. or A.S. degrees before fall 2005 with a 2.0 or better overall grade point average would also receive credit for all college-level courses they have passed.

Pass/fail courses, credit by examination, experiential learning, and other nontraditional credit courses that meet these conditions will also be accepted and posted to the student record.

Transferring Credit to Other Colleges

Edison State has partnered with several universities and colleges to provide students with a seamless transfer option. Edison State also holds over 50 transfer agreements with area colleges and universities. Information about university partnerships, transfer agreements, and transfer tools can be found at www.edisonohio.edu/univpartners/.

Transcripts

Edison State has partnered with Parchment to offer students and alumni a secure, electronic way to request and send transcripts. Current students and recent graduates may access Parchment's portal through MyESCC or by visiting www.parchment.com/u/registration/32455/institution.

Attendance

Students are expected to attend all class and laboratory sessions, including examinations. Individual instructors have both the responsibility and the prerogative for managing student attendance. Students may consult the syllabus for the attendance policy in effect for each class. If students must be absent, it is their responsibility to contact their instructor and ask if missed assignments can be completed. Excessive absences and work not completed may affect students' final grades and financial aid.

Dropping a Class, Withdrawing from College

Drops during the refund period and withdrawals after the refund period must be completed using MyESCC.

Failure to withdraw formally can result in a failing grade for the course and financial obligations if classes are not officially dropped during the refund period. Pertinent withdrawal and refund dates may be

found at the Business Office, on our website by choosing the specific year's academic calendar under the Calendar tab.

- If you drop a class during the refund period, the class cost will be removed from your student account and any payments adjusted accordingly.
- Withdrawing from a class after the refund period has ended does not release you from your financial obligation.
- Non-attendance of class or notification to instructor or department does not constitute official withdrawal. You must officially withdraw from the course using MyESCC.

No-Show Policy

Instructors are required to report students who have failed to attend their class within the first two weeks of the course. Students identified by the instructor as a no-show will be de-registered from the class with no tuition liability and the student notified of the removal via Edison State email. Appropriate changes will be made to their registration records, billing accounts and financial aid (if applicable). Federal financial aid will be denied for no-show students until attendance is proven. Federal financial aid students will be notified via Edison State email of the steps to take for reinstatement of federal aid.

Student Resource Center and Charger Station Food Pantries

To support all students with wrap-around needs outside of the classroom, a Resource Center and Charger Station Pantry location has been created on the Piqua campus in Room 060. This room holds a food pantry that provides snacks, toiletries, school supplies and take-home items for any student needing this assistance. It also contains local social services information, including childcare resources, mental health resources, food pantry, SNAP, rent assistance, utility assistance, etc. Regional campus locations also have Charger Station food pantries for students to utilize at any time. Please reach out to us at resourcecenter@edisonohio.edu for any assistance needed.

All Campus Police Officers have special crisis intervention training which includes emergency access to off-campus services.

Student Emergency Assistance Fund

The SEA fund is generously supported by the Edison Foundation and provides help for currently enrolled students who have emergency needs (outside of school) that if left unaddressed, would significantly compromise their ability to finish the semester. A student may receive these funds once per academic year. The SEA application can be found at www.edisonohio.edu/SEA/.

General College Policies

Core Values

The academic core values are a set of principles that guide Edison State in creating its educational programs and environment. The following is a list of values that Edison State incorporates into its educational experiences and environment:

Communication

Communication, a skill basic to all college students, involves listening, speaking, and writing for the purpose of understanding and of being understood. A lifetime process, communication also involves the ability to use appropriate and reasonable language and dialects, acknowledging that audiences are diverse.

Ethics

The ethics core value is defined in terms of decision-making. A distinction is made between “good” or “bad.” Ethics either exist or do not exist. They are decisions and behaviors that are based on values. Thus, the faculty will endeavor to present material across the curriculum in a manner that will cause students to consider the decision-making process in terms of ethics.

Critical Thinking

Critical thinking is the ability to think with dimension. Thinking becomes the ability to apply internalized standards of thought; clarity, relevance, analysis, organization, recognition, evaluation, accuracy, depth and breadth. Critical thinking requires detachment, the ability to examine critically one’s own ideas and thoughts as well as examining the ideas and thoughts of others.

Possessing the fundamentals of critical thinking enables an individual to reason across a variety of disciplines and domains and to critique one’s own thinking from many perspectives. The development and use of critical thinking are a lifelong activity which enables us to continually improve our thought and consequent products of us though in our lives and society.

Human Diversity

Diversity describes the coexistence of many cultures in society. By making the broadest range of human differences acceptable to the largest number of people, multiculturalism, as a function of cultural diversity, seeks to overcome racism, sexism, and other forms of discrimination.

Inquiry/Respect for Learning

Inquiry is the information gathering process through which the learner formulates essential questions, locates appropriate resources, and evaluates the applicability of the data for a particular situation.

Students at Edison State will learn how to apply these learning processes in each field of study.

Interpersonal Skills/Teamwork

Interpersonal skills promote personal effectiveness when interacting with others, whether the interaction is one-on-one, in a small group, in an organization or with an audience. To be skilled interpersonally, a person must first assess any situation to determine the expectations of others involved, and then adapt to those expectations.

Students can expect to be introduced to all values and have them reinforced in the classroom and in all learning experiences at the college.

Children on Campus

Students are advised against bringing children to class or leaving children unattended on campus. The college assumes no responsibility for the supervision of unattended children.

Computer Usage Policy

Edison State makes available computing, communication and information system resources to its students, at its discretion and for the sole purpose of furthering the stated mission of the college—“Edison State Community College provides the learning opportunities, support services and commitment that enable students to complete their educational goals and realize their dreams.” Use of these resources for other purposes is not authorized under the Information System Policy.

Social Media Policy

Thousands of current and future students, faculty, staff, alumni, and donors are using mediums such as Facebook, Twitter, LinkedIn, YouTube, and others to stay connected. Edison State believes that presence in these areas will allow the College to broadcast information and interact with the public. To operate within these mediums effectively, Edison State has developed a social media policy to ensure that all interactions on behalf of Edison State represent the College's best interests.

These guidelines are broad enough to accommodate any differences in online venues while maintaining a universal code of conduct; the policy will be adjusted according to the situation and/or modality.

The Edison State Community College Social Media Policy only applies to social media accounts created to represent ESCC groups, departments, programs, entities, etc. It does not apply to private individual accounts.

Because the technology that drives web communication changes rapidly, this policy may be adjusted to address issues that may arise in the management and implementation of the page or for any other reason that supports the College's priorities for the page.

Facebook Use

An ESCC organization, department, group, program or sports team must work through their advisor, supervisor, or coach to request permission to create a College-recognized Facebook page. The advisor, supervisor or coach will work with the Dean of Enrollment Management & Student Affairs and the Marketing Communications Specialist to create the page and have it listed on the official ESCC's Facebook page under "groups." Inclusion in "groups" creates a link from the Edison State Community College page to the organization's page.

Account Administrators

All social media group pages officially recognized by Edison State Community College must always have an ESCC faculty or staff member as an administrator.

Should an ESCC employee who is an administrator of an account leave the College for any reason or no longer wish to be an account administrator, it is that individual's responsibility to designate another ESCC employee to be an account administrator prior to removing himself or herself from that role. If the administrator does not complete this, the Marketing Department or Dean of Enrollment Management & Student Affairs will appoint one. The Marketing Department must be notified when a new administrator takes over.

ESCC employees identified as administrators of group pages are responsible for managing and monitoring the content of their officially recognized pages. Administrators are responsible for removing content that may violate the College's Conduct Policies.

Requirements for Content of Officially Recognized ESCC Accounts

- Use good judgment about content and respect privacy laws. Do not include confidential information about the College, its staff or its students.
- You may post any content that is not threatening, obscene, a violation of intellectual property rights or privacy laws, or otherwise injurious or illegal.
- Representation of your personal opinions as being endorsed by the College or any of its organizations is strictly prohibited. You may not use the ESCC name to promote any opinion, product, cause or political candidate.
- By posting content to any social media site, you agree that you own or otherwise control all of the rights to that content, that your use of the content is protected fair use, that you will not knowingly provide misleading or false information, and that you hold the College harmless for any claims resulting from the content.

Edison State Community College prohibits hazing as defined in this policy. The College will investigate and respond to all reports of hazing.

"Hazing" means doing any act or coercing another, including the victim, to do any act of initiation into any student or other organization or any act to continue or reinstate membership in or affiliation with any student or other organization that causes or creates a substantial risk of causing mental or physical

harm to any person, including coercing another to consume alcohol or a drug of abuse, as defined in section 3719.011 of the Revised Code.

The goal of this policy is to prevent hazing, and applies to all Edison State Community College students, student organizations, student groups, and employees. The policy applies to hazing that takes place between two or more people who are affiliated with the institution regardless of if the hazing occurs on or off campus. This Policy also applies to volunteers acting in an official capacity that advise or coach student organizations and/or student groups and who have direct contact with students. This Policy is effective from matriculation to commencement, including breaks in the academic year and Edison State Community College has jurisdiction whether the conduct occurs on or off campus.

All students seeking membership in a registered student organization or student group at Edison State Community College must complete the anti-hazing training provided by the College. Failure to complete the training will result in the student being denied the ability to participate in any recognized student organization or group. If a student is unsure if they have completed the required program, they should contact the Dean of Enrollment Management & Student Affairs to verify their eligibility to join a student organization or group. All employees of Edison State Community College are required to immediately report knowledge of hazing as defined in this policy to the College through the reporting option outlined below. NOTE: Employees who are required by law to protect confidentiality are exempt from this requirement.

Reports of hazing should be sent to the Office of Public Safety at 937-778-7820. The legislation requires all reports of hazing to be sent to law enforcement and staff will include Campus Law Enforcement on any reports received.

Procedural Protection

Students accused of violating the Student Code of Conduct are entitled to procedural protections as follows:

1. To be informed of the charge and alleged misconduct upon which the charge is based.
2. To be allowed reasonable time to prepare a defense.
3. To be provided with the evidence upon which the charge is based and be given an opportunity to respond.
4. To present evidence, including requesting that relevant witnesses be called forward and to question those witnesses. Cross-examination of witnesses is permitted.
5. To be assured confidentiality, pursuant to terms of the Family Educational Rights and Privacy Act.
6. In the instance that a hearing is conducted, to request that any member of College Hearing Committee be replaced due to personal bias or conflict of interest.
7. To be considered innocent of the charges until proven responsible for called actions by the preponderance of the evidence.
8. At the hearing, the accused student may appear alone or with another person, who may serve in an advisory capacity. The advisor may not participate directly in the hearing or address the College Hearing Committee without the permission of the Committee Chairperson.

Procedures for Non-Academic Misconduct (non-Title IX)

Any member of the college community may file a report about a student when a student’s conduct appears to violate college policies and regulations. In addition to the following procedure, other legal action as permitted or required in provisions of the Ohio Revised Code may be taken.

1. If a person wishes to report a student's violation of the Student Code of Conduct, he/she shall provide a written report to the Chief Student Affairs Officer (CSAO). Any reports should be submitted as soon as possible after the event takes place, preferably within thirty (30) calendar days.
2. The CSAO or designee may conduct an investigation to determine if the charges have merit and/or if they can be disposed of administratively by mutual consent of the parties involved on a basis acceptable to the CSAO. Such disposition shall be final and there shall be no subsequent proceedings.
3. A student will receive written notice of a violation of the Conduct Code. The student is then required to schedule a conference with the CSAO within one (1) week of notification.

At the meeting, the student:

- May admit responsibility for the violation and waive his/her right to a hearing by providing such waiver to the Dean of Enrollment Management & Student Affairs in writing. In this instance, the Dean of Enrollment Management & Student Affairs will proceed with a disciplinary conference with the accused student. Upon conclusion of the conference the Dean of Enrollment Management & Student Affairs shall have five (5) working days to provide the accused student with a written decision regarding whether the evidence supports a find of violation of the College Student Code of Conduct and the imposition of sanctions based on this determination.
- May deny responsibility for the violation and choose to exercise their right to a student conduct

hearing with the Hearing Committee.

Procedures for Student Conduct Hearings for non-Title IX Cases

All members of the Hearing Committee are appointed by the President. The Hearing Committee shall consist of three voting members: One (1) administrator, one (1) other college employee from administration, professional staff, or faculty, and one (1) student. One additional administrator will be appointed Hearing Committee Chair. The Chair is a non-voting member.

All hearings shall be closed to the public to protect the students' rights of confidentiality. The student, however, may make a request for an open hearing to the Chair and may be granted if warranted by the circumstances as determined within the sole discretion of the Chair. Only individuals involved in the case will be allowed in the hearing or witness rooms. All others must wait outside until the Chair determines if the hearing will be open. If the hearing is allowed to be open, the Chair will permit observers to fill the seating. Information presented at the hearing is limited to only that information which is pertinent to the incident eliciting the formal charge.

The Hearing Committee shall evaluate the points of view presented by the parties in conflict and shall determine which is more credible using the preponderance of evidence standard, meaning more probable than not. The information presented at the hearing shall be considered during a closed session by the Hearing Committee members. A copy of the findings by the Hearing Committee including the procedures for appeal, shall be given to the student(s) within five (5) business days from the conclusion of the hearing.

Procedures for Title IX Prohibited Conduct Complaints

Reporting: All college employees are considered mandatory reporters and must report all violations of the Anti-discrimination and Harassment Policy to the Title IX Coordinator or the Deputy Title IX Coordinator. Any responsible employee who knew about an incident and took no action to stop it or failed to report it may be subject to disciplinary action. Students who report violations of this policy will be provided privacy protection. Students who wish to remain anonymous may report to the Coordinator of Health and Wellness Services. Confidential reports may not be able to be investigated and adjudicated due to information not being able to be provided to the Title IX Coordinator or Deputy.

When a formal complaint is received, the Title IX Coordinator will immediately contact the complainant to discuss supportive measures and consider their wishes. The College fully supports all students who wish to also make a criminal complaint. You may contact local law enforcement or the Edison State Police Department to file this complaint at any time. This will not delay the College's process.

Informal Resolution: The College's Informal Resolution process involves informal consultation to find an acceptable resolution for both parties without invoking the full investigation and adjudication process described herein. The informal process may include counseling the Complainant on ways to address the Respondent directly regarding their behavior if the Complainant is comfortable doing so, counseling of the Respondent by the Title IX Coordinator on changing their behavior, a facilitated discussion between the Complainant and Respondent, a mediated agreement between the Complainant and Respondent, or any other informal process that is appropriate under the circumstances.

The informal resolution process is voluntary. The College will not require that a complainant and/or respondent participate in informal resolution and waive the right to a full investigation and adjudication of formal complaints of Title IX Sexual Harassment in order to enroll or continue to be enrolled, or be employed or continue to be employed, or enjoy any other right granted by the College. The parties may choose to pursue a formal resolution and end the informal resolution process at any time prior to reaching a determination of responsibility.

The College is responsible for taking the following steps prior to facilitating an informal resolution:

- A. Providing written notice to the parties of:
 - a) the allegations,

- b) the requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations, provided, however, that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint, and
 - c) any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared;
- B. Obtaining the parties' voluntary, written consent to the informal resolution process.

The College will never offer or facilitate an informal resolution process to resolve allegations that an employee engaged in Title IX Sexual Harassment of a student.

The Complainant and Respondent are permitted to bring an advisor of their choosing to any discussions as part of the informal resolution process. An advisor may offer their assistance to the Complainant or Respondent but may not speak for them during the process.

Investigation: The College will conduct a prompt and impartial investigation of allegations of Prohibited Conduct. The College will notify the parties of all details of the process and will provide date, time, location, participants, and purpose of all hearings, investigative interviews or other meetings with sufficient time for the party to prepare to participate.

When the investigation is concluded, there are three options that may occur:

Dismissal: A formal complaint must be dismissed from the formal hearing process if the conduct does not meet the definition of sexual harassment, the conduct did not occur in the College's educational program or activity or the conduct did not occur against a person in the U.S. A dismissal does not preclude the College from taking action under another provision of the student Code of Conduct or other applicable College policy or procedure. Dismissal may also take place at the Title IX Coordinator's discretion if the complainant notifies the Coordinator in writing they wish to withdraw the formal complaint, the respondent is no longer enrolled or employed by the College or circumstances prevent the College from gathering evidence sufficient to reach a determination as to the formal complaint.

Non-hearing Resolution: If the Title IX Coordinator determines there are no allegations of sexual harassment, the investigator will make a decision if any policy violations have occurred by using a preponderance of the evidence standard. If a policy violation did occur, the investigator will work with the Dean of Enrollment Management & Student Affairs to determine a proper sanction.

Grievance Hearing Process: A live hearing will be scheduled and both parties will be notified of the date and time. A pre-conference hearing will be held with each party, the party's advisor, the Title IX Coordinator and the Hearing Committee representative at least 5 days prior to the live hearing to review expectations for behavior, witnesses, evidence and any requests for new evidence. *See below for more details.*

Procedures for Conduct Hearings for Title IX

Three Hearing Committee members will be designated by the Title IX Coordinator. The Hearing Committee Members are the decision makers for the hearing. One additional administrator will be appointed Hearing Committee Chair. The Chair is a non-voting member. All hearings shall be closed to the public to protect the student's rights of confidentiality.

Grievance Hearing Process:

1. There are six types of Prohibited Conduct that qualify as Sexual Harassment—Title IX: (1) *quid pro quo* sexual harassment, (2) unwelcome conduct sexual harassment, (3) sexual assault, (4) dating violence, (5) domestic violence on the basis of sex, and (6) stalking on the basis of sex. Each of these are defined in Policy 3358-3-03, and are subject to the following grievance hearing procedures. The Decision-Maker/Hearing Committee shall not consist of either the Title IX Coordinator or the Investigator. The Hearing Committee shall consist of three decision makers. The Title IX Coordinator has discretion to appoint a single decision-maker or a committee depending on the particular case.

2. At least five business days prior to the hearing, a pre-hearing conference will be held with each party, the party's advisor, the Title IX Coordinator, and the Hearing Committee representative. At the pre-hearing conference, the party and advisor must disclose the witnesses that will be requested and the evidence that will be submitted for consideration. Evidence and witnesses may only be considered at hearing if they were submitted to the investigator, unless they were previously unknown or unavailable to the party during the investigation. The Hearing Committee representative will address any requests for new evidence and new witnesses at the pre-hearing conference. The Hearing committee representative will also discuss guidelines for appropriate behavior and decorum during the hearing. The party and advisor are encouraged to ask questions.
3. The College's grievance process will provide for a live hearing, during which: The Hearing Committee will permit each party's advisor to ask the other party and any witnesses all relevant questions and follow-up questions, including those challenging credibility.
4. Such cross-examination at the live hearing will be conducted directly, orally, and in real time by the party's advisor of choice and never by a party personally, notwithstanding the discretion of the College to otherwise restrict the extent to which advisors may participate in the proceedings. All questioning at the live hearing must be relevant, respectful, and non-abusive. No party will be "yelled" at or asked questions in an abusive or intimidating manner. If a party's advisor refuses to comply with restrictions set by the College, the College may remove that advisor from the hearing process and require that the party use a different Advisor.
5. At the request of either party, the College will provide for the live hearing to occur with the parties located in separate rooms with technology enabling the Hearing Committee and parties to simultaneously see and hear the party or the witness answering questions.
6. Only relevant cross-examination and other questions may be asked of a party or witness. Before a complainant, respondent, or witness answers a cross-examination or other question, the Hearing Committee will first determine whether the question is relevant and explain any decision to exclude a question as not relevant.
7. If a party does not have an advisor present at the live hearing, the College will provide without fee or charge to that party, an advisor of the College's choice, to conduct cross-examination on behalf of that party.
8. Any party or witness may choose not to offer evidence and/or answer questions at the hearing, either because they do not attend the hearing, or because they attend but refuse to participate in some or all questioning. The Hearing Committee Chair can only rely on whatever relevant evidence is available through the investigation and hearing in making the ultimate determination of responsibility. The Hearing Committee may not draw any inference solely from a party's or witness's absence from the hearing or refusal to submit to cross-examination or answer other questions.
9. A respondent's alleged verbal conduct, that itself constitutes the sexual harassment at issue, is not considered the respondent's statement, and constitutes part or all of the underlying allegation of sexual harassment itself.
10. The hearing may be conducted with all parties physically present in the same geographic location or, at the College's discretion, any or all parties, witnesses, and other participants may appear at the live hearing virtually, with technology enabling participants simultaneously to see and hear each other.
11. The College will create an audio or audiovisual recording or transcript, of any live hearing and make it available to the parties for inspection and review.
12. Relevant evidence is evidence that tends to make a fact that is important to the case either more probable or less probable. Relevant questions are those questions that are designed to elicit relevant evidence.
13. The Hearing Committee will evaluate all admissible, relevant evidence for weight or credibility. The degree to which any inaccuracy, inconsistency, or implausibility in a narrative provided by a party or witness should affect a determination regarding responsibility is a matter to be decided by the Hearing Committee, after reviewing the case file and after having the opportunity to ask questions of parties and

witnesses, and to observe how parties and witnesses answer the questions posed by the other party at the hearing. Corroborating evidence is not required.

Determination Regarding Responsibility

The Hearing Committee will issue a written determination regarding responsibility, based on the preponderance of the evidence. The written determination will include:

- a) Identification of the allegations potentially constituting sexual harassment as defined in the College's Anti-discrimination and Harassment Policy 3358-3-07
- b) A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held;
- c) Findings of fact supporting the determination;
- d) Conclusions regarding the application of the College's student code of conduct to the facts;
- e) A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the College imposes on the respondent, and whether remedies designed to restore or preserve equal access to the College's education program or activity will be provided by the College to the complainant; and
- f) The College's procedures and permissible bases for the complainant and respondent to appeal.

The College will provide the written determination to the parties simultaneously. The determination regarding responsibility becomes final either on the date that the College provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely. The Title IX Coordinator is responsible for effective implementation of any remedies.

Appealing Hearing Committee Decisions for Non-Academic Misconduct, Including Title IX Cases

Appeals must be submitted in writing, within seven (7) days after notification of determination are received, to the Provost, who will appoint the Appeals Committee. The Appeals Committee will consist of five (5) members: two (2) administrators, one (1) full-time faculty member, one (1) professional staff member, and (1) student. An Appeals Committee Chairperson will also be designated by the Provost. The members of the Appeals Committee will be different than those of the Hearing Committee.

The College will offer both parties an appeal from a determination regarding responsibility, and from the College's dismissal of a formal complaint or any allegations therein, on the following bases:

- a) Procedural irregularity that affected the outcome of the matter;
- b) New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
- c) The Title IX Coordinator, investigator(s), or Hearing Committee had a conflict of Interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

When an appeal is received, the College will:

- a) Notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties;
- b) Ensure that the Appeals Committee is not composed of any of the same members as the Hearing Committee, and does not include the investigators or the Title IX Coordinator
- c) Ensure that the Appeals Committee not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent, and receives necessary training;
- d) Give both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome;
- e) Issue a written decision describing the result of the appeal and the rationale for the result; and
- f) Provide the written decision simultaneously to both parties.

Disciplinary Sanctions

Behavior that interferes with educational objectives and programs of the College is unacceptable. Such behavior will result in disciplinary action. Disciplinary action may result in one or more of the following sanctions being imposed upon any student found to have violated the Student Code of Conduct:

1. **Warning**—A written notice to the student from the Dean of Enrollment Management & Student Affairs that the student is violating or has violated institutional regulations. This notice shall outline the regulation(s) violated, the future expectations of the student, and potential consequences for further violation.
2. **Probation**—A written reprimand to the student from the Dean of Enrollment Management & Student Affairs for violation of specified violations of the Student Code of Conduct. The probation shall include the specific violations, corrective actions to be taken by the student, a specified time period for correction of the violations, the specified duration of the probation, and potential consequences for further violations.
3. **Restitution**—Compensation for loss, damage, or injury. This may take the form of appropriate service and/or monetary or material replacement.
4. **Dismissal from Class**—The student is not permitted to attend a certain class or classes. The College may withdraw the student from the course(s) with no refund of tuition or fees dependent upon the situation and timing of registration/withdrawal periods.
5. **Limited Access to Facilities**—The student shall have specified limited access to campus facilities and activities to include classes.
6. **Suspension**—Separation of the student from the College for a specified period of time after which a student may be readmitted. To be considered for readmission, the student shall provide a written letter to the Registrar requesting readmission and providing rationale for the request.
 - In certain circumstances, to ensure the safety and well-being of College community and/or College property, to ensure the student's own physical or emotional well-being, or if the student poses a threat of disruption of or interference with the normal operations of the College, the Dean of Enrollment Management & Student Affairs may impose interim suspension prior to the hearing.
 - During the interim suspension, which is immediately effective, the student shall be denied access to all campus facilities and activities to include classes. The student may report to designated College premises only upon notice to appear for the hearing or business related to the hearing on a specified date(s) and time(s).
7. **Expulsion**—Permanent separation of the student from the College.
8. **Disciplinary HOLD**—While a HOLD on a student's admission, registration, transcript access or financial aid is not an independent penalty, it may be utilized by the college as a means to either direct a student's attention to subsequent participation in a pending disciplinary proceeding or obtain the student's compliance with a sanction which has been imposed or other action which has been taken under the Student Code of Conduct.
9. Other sanctions may include, but are not limited to loss of privileges, fines, and/or mandated mental health assessment or counseling by a licensed professional.

Other than suspension or expulsion, disciplinary sanctions shall not be made part of the student's permanent academic record but shall become part of the student's confidential record.
