Policies

Extra Credit:
Extra credit is not given in this course.

Faculty Email Contact and Etiquette:
Correspondence is only done using your Edison email Outlook in Office 365 provided by Edison, with the address ending in @edisonohio.edu. My department and I will **not** be using or reading Blackboard Ultra Messages, personal emails, business emails, prior college emails, or school emails for CCP students. Every student enrolled at Edison State Community College has been given an Edison email address. You need to check it daily. Personal email examples are Gmail, iCloud, Safari, AOL, Yahoo, and many more.
All emails from me will show my name as: **Michele L Smith.** When I post a Blackboard Ultra **Announcement** in our course, an email will also be sent to you with the name seen above. **In an email, however, please refer to me as Professor Smith**. **Do not submit assignments to Professor Smith's Edison email. They will not be accepted.**

Announcements Posted in Blackboard Ultra in the Course:
The instructor, Professor Smith, will periodically create an Announcement for reminders, changes in an assignment or test, or changes in Syllabus Part II. **The Announcements will be seen in Blackboard Ultra and your Edison email.**

1. In Edison's Outlook, look above your most recent email. You should see **Focused.** Look for the announcement from me, but it will say from **Michele L Smith.** If you know an Announcement has been sent, look to the right of **Focused** and see **Other** and click on it, but you do not see it in your email, send me an email about it at msmith6058@edisonohio.edu
2. **The best place to see the Announcements is the Course Content page:**
   Look at the top left on the Course Content page (the page you see when you enter the class). You should see in a large font size, starting on the left side of the monitor: **Fall 26/27 Semester Music Appreciation (MUS-120S-801FS).**
   Look **below the 26/27,** through the color-only section, and **click on Announcements.** All announcements sent by me in the course will be seen in chronological order with the most recent on top. I also send an email many times with the Announcement material in it from **Michele L Smith.** The only problem are attachments and photos sometimes do not work when navigating to the email. Keep in mind that I may send you an email that is not an Announcement. It may relate to your grade, something needs to be done with an assignment, or you are close to being removed from the course by the Faculty-Initiated Withdrawal.
   Bottom line: Always check your Edison email account ending with @edisonohio.edu Always check the Announcements inside our course on the Course Content page, in case you miss the pop-up when you enter the course.
3. When a student enters the course after an Announcement has been sent, the announcement appears as a **pop-up with options to:**
   A. Mark the announcement as Read.
   B. Click the announcement title to view the full announcement.
   C. View all announcements will take you to the announcement page.

If you skip over and do not select 3. A, B, or C, follow the instructions in 2 above.
NOTE: Images and embedded videos may not display for students in the email message, but will display within Blackboard Ultra inside the **Announcement(s).**

No-Show Reporting:
Students who have no academic attendance in the first week of the class will be reported as a **no-show** by Saturday, August 29, by 11:59 p.m. Academic attendance means direct participation or interaction between the instructor and student regarding academic matters. There are 9 items to complete inside the Week 1 folder before Saturday, August 29. You will need to use the Ebook with InQuizitives and **register your access code** by following the step-by-step instructions inside the first document on the Course Content page, or read the posted Announcement with the instructions in it. You can only purchase the Ebook with InQuizitives from the eCampus Bookstore. **Do not go to another source**. You will be removed from the class by the Registrar.

Faculty-Initiated Withdrawals:
The last day to withdraw from this course is Monday, November 2. This is also the last day an instructor can issue a Faculty-Initiated Withdrawal form for the course.
Faculty may recommend that Edison State withdraw a student within the withdrawal period and issue that student a grade of "UW" (Unofficial Withdrawal). A student should be removed from a class once it becomes mathematically impossible for the student to pass the course due to non-participation. **Non-participation is defined as missing three consecutive weeks of class or coursework, with no response to attempts to contact or to the academic alert. You need to complete at least one assignment or test in each week's folder to not be removed from the class by your instructor.** Keep this in mind if you are not staying up-to-date with the folders. You need to communicate with me if you are not doing anything for three consecutive weeks or more, regardless of the due dates for Weeks 2-8and 9-16. Students who are participating (even if failing) should not be removed from the course. Efforts will be made to encourage the student to self-withdraw through email and Academic Alerts, which is why it is important to look daily at your Edison email, even if there are none. If repeated attempts at communication are ignored by the student, the instructor will recommend the student for Unofficial Withdrawal (UW).

Academic Alerts:
In Weeks 2 through 8 and Weeks 9 through 16, Academic Alerts will be sent to a student if two or more weeks have not been completed. Inform Professor Smith if there is a reason for not completing the week's folders. Refer to the 4 Due Dates at the top of page 2 in this document. Refer to the Faculty-Initiated Withdrawal section previously. Students can submit early and work ahead. The student will need to communicate with Professor Smith their intentions to complete the work before one or more deadlines. It is not a wise idea to wait until the last minute to complete several weeks of work. For students who wish to stay current or close to it, complete the items in the week folder before the next Week's start date. There are eight weeks in this Fall Semester. For CCP students, for whom a fine arts credit is needed to graduate, I recommend that you stay as current as possible. If you have not completed work for three consecutive weeks and responded to emails or Academic Alert(s), you run the risk of a Faculty-Initiated Withdrawal. The Schedule for the Weekly folders and their requirements are listed on pages 7-26 in Syllabus Part II (this document). They are listed in more detail in the **Course Reference.pdf** document. Notice that due dates end on a **Saturday.** Do not set yourself up for failure. Weeks 2 through 8

have a lot of different assignments that will take more time to complete compared to Week 1. Try doing two every day until completed.

Testing Your Faith Policy:
Edison State Community College is committed to providing an environment respectful of students' beliefs. Students are permitted to be absent for up to 3 days each semester based on their faith, religion, or spiritual belief system, with no academic penalty. Students must complete the Testing Your Faith Act Accommodations Form, https://www.edisonohio.edu/services-support/registration-records, located in "Forms," and provide a copy to their individual faculty within 14 days from the start of the course. The entire policy can be found in the student handbook at https://www.edisonohio.edu/services-support/student-resources.

Completion Points:
For any assignment not graded by the end of the semester and not recorded in a grading column, completion points will be given to any student who completed the assignment, following the instructions, and it was received by the provided due date**.**

Contingency Plan:
The instructor reserves the right to change the schedule and/or procedures/requirements listed previously. The instructor will provide notification in the posted Announcements with adequate notice. The Announcements are also sent as an email to your Edison account ending with: @edisonohio.edu.

Academic and Technical Support:
If you have problems with your electronic device, it is your responsibility to find a way to complete the coursework. Ask a family member or a friend to use their electronic device. Evaluation Methods

Midterm and Final Grades are based on a 4.0 scale.
In the Overall Points column to the right of your name, I will show the grade as a percentage. Edison midterm and final grades do not use + (plus) or – (minus). Midterm grades do not show up on a college transcript. Blackboard Ultra shows + or – (B+, B, and B- for example); however Edison does not use the + or –, and we cannot remove them from the Overall Grade column in Blackboard Ultra.

Grading Scale

4.0 = A (90%-100% of points available)	Green color
3.0 = B (80%-89% of points available)	Yellow/Green color
2.0 = C (70%-79% of points available)	Yellow color
1.0 = D (60%-69% of points available)	Orange color
0.0 = F (less than 60% of points available)	Red color

With due dates extended for Weeks 2-8 and 9-16, empty grade columns are not computed into the percentage or letter grade for this course, shown in color form to the right of your name in the Blackboard Ultra Gradebook. Do not get a false sense of security if it shows an A and there are 50 empty grade columns, for example. After the due dates, you cannot go back and complete any assignment or test. A 0 will be seen in the empty grade column after the due date and time. Your grade can dramatically drop depending on the number of blank columns that will result in a 0 after the due date and time.

MIDTERM WEEK ends on Saturday, October 17, by 11:59 p.m.
Weeks 9-16 have been open if you want to work ahead.

You have until Saturday, October 17, before 11:59 p.m. to complete everything inside the Weeks 2 through 8 folders. After 11:59 p.m. on Saturday, October 17, an automatic zero will be placed in any empty column, which will dramatically affect your grade and percentage. If you get done early, go to the Gradebook and see if there are any empty columns. Go back and complete them in Weeks 2 through 8 before the deadline of March 14, before 11:59 p.m. Throughout the semester, any empty column is not computed into the grade percentage or letter grade shown to the right of your name in the Gradebook until the due date and time are met. After Saturday, October 17 at 11:59 p.m., you will not be able to go back and complete any assignment/test in Weeks 2 through 8. You can go back and review items that may assist with Mini Project #2, but nothing will be evaluated after the October 17 deadline. Having empty columns at the time of the midterm deadline can greatly affect the percentage and letter grade.
Please read below and on the next page:

The percentage or letter grade shown in colors to the right of your name in the Gradebook does not include any assignment or test that has an empty grade column. For midterms and final grades, Edison only uses A, B, C, D, and F. The + and – symbols are not used for Edison grades or on college transcripts. Remember, any empty column does not figure into the percentage or letter grade. At the midterm and final grade deadlines for this course, empty columns will revert to automatic zeros, and your grade may be greatly affected depending on the number of empty columns. I've seen people drop 2 to 3 letter grades.

In the Overall Grade column to the right of your name, these colors represent the letter or percentage grade. The midterm grade does not go on your college transcript.

A = Green
B = Yellow-Green
C = Yellow

D = Orange
F = Red

The Weeks 9 through 16 folders are due on or before Saturday, December 12, before 11:59 p.m. After this deadline, any empty column will have an automatic zero (0) shown. After this deadline, you cannot go back and finish any item not completed. As long as the deadline has not been met, you go back into an InQuizitive only as many times as needed to strive for the maximum amount of points for the InQuizitive(s).
