- **Blackboard**

All needed materials (besides the textbook) are on Blackboard including this syllabus. Lecture Slides will be posted prior to class under the “Lectures” tab. Announcements will also be posted on Blackboard.

- **Plagiarism/Cheating**

There is a ZERO tolerance policy in the course of Life Span Psychology 227 as well as at Edison State Community College. Any student caught cheating or engaging in plagiarism of any kind will receive a zero and risk the possibility of having the Academic Dishonesty Report placed in their permanent academic record. Intentional academic dishonesty will result in referral to the Dean for appropriate action and a grade of “F” given for the course. Please refer to the Edison State Community College Student Handbook for a detailed explanation of academic dishonesty.

AI Restrictive Policy

Students cannot use AI tools such as ChatGPT on assignments in this course. All assignments should be prepared entirely by the student. Developing strong competencies in this area will prepare you for a competitive workplace. Therefore, AI-generated submissions are prohibited and will be treated as academic misconduct.

- **Respect**

In our everyday lives, our norm is to surround ourselves with others whose beliefs, values, and opinions support our own. This course, as well as the college experience, will challenge that norm. This course is reliant on dialogues between and among class members. Occasionally, we will be dealing with controversial topics about which individuals may have strong or differing opinions. Therefore, it is crucial that we work together to cultivate a respectful classroom space in which everyone can share their reactions and analyses comfortably. This means being considerate and patient with everyone else in the room. Verbal bullying and personal attacks will not be tolerated under any circumstances. I encourage students to be brave and self-aware when absorbing and discussing sensitive information while at the same time knowing and respecting your limits.

- **Instructor Communication**

Please contact instructor at email: kdolph@edisonohio.edu; Emails requesting responses will be returned within 24-48 hours Monday-Friday.

- **Additional Support Services**

For additional help, please click the ASSIST tab on Blackboard or the Edison State Student Resources folder within your course.

Grading Information

- **Late Coursework**

All course work is required to be submitted on the date due. If an assignment is not submitted on the date due the student's grade will result in a 10% deduction for every day late. This course is rich with information needed to accurately complete the intended assignments. Reading the chapters is a MUST to effectively complete assignments. Each week you will have assignments. If an assignment goes more than a week (7 days) late it will result in a Zero and cannot be made up. As technology is now a part of our daily lives, computer or electronic malfunction are not valid reasons for late submissions or missing work.

- **Grading**

Graded assignments will be returned within one week from their due date. Assignments submitted early may not be returned until one week from the due date.

- **Last Week of Coursework**

There will be no late submissions, make-up work, or extra-credit opportunities accepted during the last week of coursework (additionally, finals week). Due to time constraints placed by Edison State Community College in submitting final grades, these will not be accepted so as to not prevent a delay in the final grading process.
