Check your Blackboard email frequently for communications about this course. Once a day, Monday through Friday, is the best policy. Emails sent through Blackboard will be located in your Edison email (all students, faculty, and staff are required to use their Edison email account for ALL college communication.) Email from personal accounts will not be responded to.

Grading Turn Around Policy

- Graded assignments will be returned within one week from their due date. Assignments submitted early may not be returned until one week from the due date.

Late Policy

Here are the deductions for late assignments:

- For 15-point assignments and discussion boards, you lose 5 points if late and then an additional 5 pts. each week late.
- For the essay in Week 7 and all exams, you lose 10 points if late and then an additional 15 pts. for each week late.

Academic Integrity:

Edison Community College expects students to submit original work for each assignment. The Student Handbook <https://www.edisonohio.edu/digipub/StudentHandbook/index.html> , pages 28-29 clearly defines academic dishonesty and how Edison handles cases of academic dishonesty. Using peer support and tutoring services is not considered academic dishonesty, as long as the work is original and in your own voice, meaning you didn't submit work you did previously or "borrow" words/ideas without crediting the source. The same policy goes for AI-generated text. For example, you may use predictive text to fix spelling errors. You may not tell an AI software to write a critique of an essay for you and copy/paste the text. Any use of AI (outside of spell-

checker) must be approved by the instructor and noted with the following at the bottom of the assignment: Any final draft exhibiting the use of AI without permission and crediting the source will be counted as plagiarism. Any assignment that is plagiarized (whether intentional or unintentional) or lacks appropriate citations will automatically receive a failing grade. Intentional submission of someone else's work as your own will result in automatic failure for the course. Whereas, assignments that simply fail to cite in MLA format will have points deducted accordingly.

AI Policy

For this course, YOU must be the author of all coursework. You may use AI in some minor or non-substantive ways. The use of generative AI tools (such as ChatGPT) is permitted in this course for the following activities:

- Brainstorming and refining your ideas
- Drafting an outline to organize your thoughts
- Checking grammar and style

The use of AI tools is not permitted in this course for the following activities:

- Writing a draft of an assignment
- Writing entire sentences, paragraphs, or papers to complete class assignments

Your use of AI tools must be properly documented and cited to stay within college policies on academic honesty. Any assignment that is found to have used generative AI in unauthorized ways will be reported for academic misconduct. If in doubt about permitted usage, please ask for clarification.

TESTING YOUR FAITH ACT POLICY

Edison State Community College is committed to providing an environment respectful of students' beliefs. Students are permitted to be absent for up to 3 days each semester based on their faith, religion, or spiritual belief system with no academic penalty. Students must complete the Testing Your Faith Act Accommodations Form, <https://www.edisonohio.edu/services-support/registration-records>, located in "Forms" and provide a copy to their individual faculty within 14 days from the start of the course. The entire policy can be found in the student handbook at <https://www.edisonohio.edu/services-support/student-resources>.
