EVALUATION METHODS AND POLICY STATEMENTS

HOMEWORK

All homework assignments are due on the Sunday by 11:59 pm.

DISCUSSION POSTS

Discussion posts are due by Wednesday at 11:59 pm with your comments being due on Sunday by 11:59 pm.

To create and preserve a course atmosphere that optimizes teaching and learning, all students share the responsibility of creating a positive learning environment. Students are expected to conduct themselves in a manner that does not disrupt teaching or learning, and they are expected to follow these standards:

Course discussions should be civilized and respectful to everyone and relevant to the topic we are discussing. Discussion forums are meant to allow for a variety of viewpoints. This can only happen if we respect one another and our differences.

BI-WEEKLY QUIZZES

Each quiz will be worth 100 points. *Instructor reserves the right to change scheduled quizzes and give additional questions for extra credit.

FINAL

The final exam is comprehensive covering chapters 1-15.

COMMUNICATION

Announcements and emails are available through the blackboard system. Periodically check for class announcements. If there is an urgent message, announcements will be sent to all students via e-mail. Instructors usually check e-mail daily, which will be the easiest way to contact them with questions or problems. The instructor will get back to you within 24-48 hours. If they have not responded within 48 hours, please email them again. I reserve Sundays for family so I will usually not be responding on Sundays.

RESPECTFUL DIALOGUE

We all come to the table with differing experiences and viewpoints, which means that we have so much to learn from each other. In order to get the most out of this opportunity, it is important that we don't shy away from differences. Rather, we should show respect for differences by seeking to understand, asking questions, clarifying our understanding, and/or respectfully explaining our own perspective. This way, everybody comes away with new perspectives on the issue and respecting others with different values or beliefs.

If someone says something that bothers you for any reason, assume that your peer did not mean to be offensive and ask your peer to clarify what they meant. Then explain the impact it had on you. If your classmates tell you that something you said or wrote bothered them, assume that they are not attacking you, but rather that they are sharing something that might be important for you to know.
