Required Technology:

- **High speed internet/Firefox is recommended.** Although these are not required, they may make your experience better and faster. Students should have 2 browsers in case onemoves slow. It is the student's responsibility to have access to a reliable computer.

- **Email:** Check your ESCC e-mail account frequently for communications about this course. Once a day, Monday through Friday, is the best policy. Emails sent through Blackboard will be located in your Edison email (*all students, faculty, and staff are required to use their Edison email account for ALL college communication*). Email from personal accounts will not be responded to.

COMMUNICATION

Please contact me at any time during the semester, with any questions or concerns – I am here to help and typically respond within 24 hours but am allowed up to 48 hours. All students, faculty, and staff are required to use their Edison email account for ALL college communication). Students have **48 hours** to respond to faculty emails per school code. Do not call the instructor as the instructor is only on campus a few days a week and therefore your response time can be many days.

EMAIL ETIQUETTE

This is REQUIRED for all emails as this is a professional environment:

- Subject line... State the course and subject “PLS 121S Inquisitive question.”
 - o (if you use the “email instructor” through blackboard, just put the subject as the class is automatically added. This method of email is recommended)
- Salutation. Address the recipient by name: “Dear [name]” or “Hello [name]”
- Body text. Explain the main message of the **email**. ...
- Signature. Your **email** closing should be formal, not informal. (Put your name on it)

Think before you write. Unlike a traditional class where we can see and speak to each other, an online course does not allow us to use nonverbal cues (facial expressions, tone of voice, gestures). Remarks that might be humorous when spoken can easily be misconstrued when written. Choose your words with care to lessen the chance that you will be misunderstood or misinterpreted.

EVALUATION METHODS

INQUISITIVES:

Students will complete inquisitive assignments online each week over the chapters. Each assignment has a target goal to be met. Students can work to a 100% score on each assignment. To complete them, student must read the chapters first. Then, go through the questions and answer them. The book can be used as the assignment is completed. Information on how to complete these assignments is in the Getting Started Folder.

CHAPTER TESTS

These will be multiple choice, true and false, and/or matching over the chapter and

are closed book. Each test (except the first test) covers two chapters. You have two opportunities to take the test and the gradebook will record the highest of the two attempts. You will have 60 minutes to take each test (45 minutes on test 1). The exam will automatically submit once you hit the time limit.

ASSIGNMENTS

There are five additional assignments that are described in detail on Blackboard. Those assignments are: Civil Liberties paper, Cabinet Department presentation with oral report, Federal Legislation group project, SuperPAC assignment, and Supreme Court Case assignment.

DISCUSSION BOARDS

With each forum, you are expected to respond to the initial questions as well as interact with classmates in a discussion. When you click on week's list of assignments, the discussion board questions will be listed. This is a post first forum. You must write your response first and post it before you can see your classmate's posts. Once you post, then you can respond to other posts.

Click the title of the discussion board to go it then click 'add thread' to post your work. These require you to really think about the topic and explain your ideas so that everyone reading them can fully understand your ideas. This means if you are only posting a few sentences, you are not discussing topic. Each discussion board has a required word count length.

HOW TO DO COMMENTS: When commenting on others, although "good job" is great to hear, it is not discussing the topic.

When doing comments, you must:

1. First identify the point the other student made that they will address and summarize their point briefly. (figure 1-2 sentences.) "You stated that the African Americans did not get to fight much in the war because of the racism that existed in that area during the time."
2. The, what is your take their points (2 sentences). "I agree with this. One of the most interesting things with this is how the generals seemed to think the color of a person's skin would affect their fighting ability. You'd think the desire to survive would outweigh race."
3. As a question to continue the conversation. (1 sentence) "Do you think that it would have been different if he were fighting in Virginia rather than Georgia?"
4. *A comment must be 50+ words in length*

The initial posting of the answers must be done by FRIDAY at 11:59pm. The forum for the week closes on SUNDAY at 11:59pm. Students will not be allowed to comment if they do not do the initial answers. **The subject should always say your name.**

No quotes of any kind are allowed on any assignments - The goal is to learn to interpret and explain.

FINAL GRADE STANDARDS

The final grade for the course will represent your instructor's assessment of the overall quality with which you met all the requirements of the course.

COMPLETING THE MODULES

Weekly folders will close Sunday at 11:59pm on the due date. If students choose to work ahead, given they must complete the modules in order or they will receive a 25% penalty on any assignment done out of order.

SUBMITTING YOUR PAPERS

No late work will be accepted due for not following this guideline and checking to ensure they completed the full process. It is the student's responsibility to double-check all submissions and be sure they are at a reliable computer with reliable internet. If there is no assignment or submission of the receipt, the assignment will be a zero.

No emailed work will be accepted!! All assignments must be submitted through blackboard. Anyone who emails the assignment will not receive credit for not following directions. If help is needed, the student must email the teacher. Please review the response time required as waiting till the last minute may cause severe damage to your grade.

LATE WORK POLICY

This is a professional classroom; therefore, everyone will be treated like responsible adults with the capability of meeting deadlines. Each week requires 9 hours of class time for regular activities as stated in the course catalog. That means, students have 168 hours to complete 9 hours of class timework. Students must plan ahead as this is plenty of time to complete the course work.

Therefore, no late work is accepted except for extreme circumstances, which is based on a case-by-case evaluation. It is very important to stay in touch with the professor and discuss issues the moment they arise. This means back and forth conversation is required prior to the due date. This is only for legitimate reasons and may require documentation.

ACADEMIC HONESTY

Because engaging in dishonest practices undermines the trust that is essential in any social relationship, honesty is expected in all matters. Academic honesty requires that you never submit another's work as your own. You will not plagiarize from a printed source, an electronic source, or another student's work, nor will you have someone else do your work.

You are plagiarizing if you:

- Submit someone else's work as your own.
- Buy a paper from a papermill, website, AI, or other source.
- Copy sentences, phrases, paragraphs, or ideas from someone else's work, published or unpublished, without giving the original author credit. (put in quotation marks and cited to the quote's exact location in a footnote and include a work citation page)
- Replace select words from a passage without giving the original author credit. (changing a few words does not make it your idea)
- Copy any type of multimedia (graphics, audio, video, internet streams), computer programs, music compositions, graphs, or charts from someone else's work without giving the original author credit.
- Piece together phrases, ideas, and sentences from a variety of sources to write an essay.
- Build on someone else's idea or phrase to write your paper without giving the original author credit.
- Submit your own paper in more than one course.

Quotes require footnotes and full work citation pages. If you quote and don't have those, you are plagiarizing and will get a zero. Please follow rules and put everything in this class completely in your own words. Anyone who uses quotes (properly with " " marks, Chicago style citations, and a work cited page") will still receive a penalty for not following the rules.

ATTENDANCE AND PARTICIPATION

Failure to attend class does not constitute an official withdrawal. The responsibility for withdrawal prior to the published withdrawal deadline always lies with the students. Students are financially responsible for costs associated with classes that they have withdrawn from after

the published Add/Drop date. *New federal mandates for students receiving financial aid state that attendance is to be calculated based on “academic-engagement,” which means that coming unprepared for class just to be present and not doing any homework will not equal attendance*
