

ILLUMINATE THE *future*

2026 COMMUNITY SCHOLARSHIP CAMPAIGN

Dear Friends and Partners,

Every great achievement begins with a single, brilliant moment of inspiration—a spark that refuses to stay small. At Edison State Community College, we see that light in our students every day, but for many, the cost of education remains a shadow that threatens to dim their potential. This year, we invite you to be the spark for The Edison Foundation’s Illuminate the Future Community Scholarship Campaign. By contributing to this effort, you are doing more than making a donation; you are providing the direct financial support—through scholarships—that empowers our students to turn their aspirations into reality. Together, we can ignite a chain reaction of success that brightens our campus and our entire community for generations to come.

At Edison State, the “spark” isn’t just a metaphor—it is the late-night study session, the first-generation student’s breakthrough, and the veteran’s transition into a new career. However, the path to a degree is often paved with financial hurdles. 100% of your gift goes directly to student scholarships, ensuring that a lack of funds never stands in the way of a bright mind. When you give, you aren’t just funding a classroom seat; you are investing in the future accountants, engineers, entrepreneurs, nurses, peace officers, and respiratory therapists who will drive our local economy forward.

Your generosity is the catalyst. Please join us in reaching our goal to ensure every Edison State student has the resources they need to succeed. Thank you for your continued friendship and for being the light that guides our students toward a brighter tomorrow.

With gratitude,
The Edison Foundation Team Edison State Community College
