

Escape With IT “Escape Rooms” provide fun and creative puzzles you must solve to get through barriers. Our “Escape” will challenge you to use different technologies—computers, phones, scanners, printers, etc.—to find the clues that you will need to solve the puzzle. Come “Escape” and have fun with us!

LOCATION: Room 121 | West Hall

PRESENTERS: Lisa Taylor, Kelli McEldowney, Lisa Beasley, Lisa Haworth

SPONSOR: Emerson Commercial and Residential Services

SESSIONS 1, 2, 3

Perfection Isn’t Just a Game. What Can You Perfect? Do you have what it takes to perfect our process? Can your team be the first to put all of the “Perfection” pieces into the board correctly—before your competition? Test your skills in teamwork, problem solving, creativity and scientific thinking to win this game. Put your ideas into action and you will need to be quick to beat the clock.

LOCATION: Room 220 | West Hall

PRESENTERS: Katie Bruns, Kathy Davis & Brooke Yahl

SPONSOR: Crown Equipment Corporation

SESSIONS 1, 2, 3

Write Code, Catch Bananas and Save the World In a mysterious land—a bad gorilla has stolen the “Code Monkey’s” bananas. Learn to write simple code phrases to guide the monkey across the screen to retrieve his missing fruit. Along the way, you will meet friends, like “Trusty Turtle,” who will help you on your journey. Join us and learn real programming while playing a fun game.

LOCATION: Room 221 | North or West Hall

PRESENTERS: Doug Streitenberger & Students | ESCC Computer Programming

SPONSOR: Edison State Community College

SESSIONS 1, 2, 3

The World Is Your Bookmark Learn how to use Photoshop and sublimation for both personal and for business needs. Bring your cell phone, with your favorite photo, so you can put it into photoshop, print it and personalize your very own bookmark. See how fun it is to learn this skill and use it to make something of your own.

LOCATION: Room 222 | West Hall

PRESENTERS: Maria Moore, Linda Kendig, & Chelsea Reed

SPONSOR: Billers Stamps and Engraving

SESSIONS 1, 2, 3

Relay Computer—You Can Hear It Think See how computers take information and “pass it” via relays. Find out what amazing things you can do with relays by simply the flick of a switch.

LOCATION: Room XXX | West Hall

PRESENTERS: Stephen Frey

SPONSOR: Inventors Council of Ohio

SESSIONS 2, 3

DISCLAIMER “Attendee” grants permission to Edison State Community College to use his/her name, likeness, image, voice and/or appearance as such may be embodied in any photos, videos, audiotapes, digital images, and the like, taken or made on behalf of Edison State Community College. “Attendee” agrees that Edison State Community College has complete ownership of such pictures, etc., including the entire copyright, and may use them for any purpose consistent with the Edison State Community College mission. Light, Color, Chemistry Can Blow Your Mind Put on your goggles and prepare to be blown away! We will mix chemicals and burn chemicals to create colored flames. You won't believe it. Explore how chemical can change colors or create brightly colored products.

LOCATION: Room 232 | West Hall

PRESENTERS: Mark Wanamaker | ESCC Chemistry Department

SPONSOR: Edison State Community College

SESSIONS 1, 2, 3

Brave the Winter Wonderland Do you think you can survive the "winter wonderland?" You will have to design a house constructed entirely out of candy and other holiday treats—and your house must withstand the not-so-sweet elements of one of the winter wonderland's most intense blizzards. Can your foundation, roof and snow-woman withstand the vicious winter weather? Put your skills to the test and come prove how tough you are.

LOCATION: Room 456 | East Hall

PRESENTERS: Leslie Gaier Brown, Samantha Beyer, Linda Hamilton, Lindzi Hoersten, Lauren Martin, Beth Mescher, Janell Miller, Gina Ramsey, Jordan Rapping, Taylor Schmitmeyer & Maria Vanderhorst

SPONSOR: Midmark Corporation

SESSIONS 1, 2, 3

Is There a Bug? Behind every computer system, smartphone app, and even robots, there are programming specifications. Specs as they are known—lay out the roadmap, rules and requirements for the creation of technology. Come and discover the language behind technology and what happens if there is a breakdown in that communication. Test your skills as a software tester to squash the bug before your project shuts down.

LOCATION: Room 210 | West Hall

PRESENTERS: Laura Bertini & Rachel Sauvie

SPONSOR: Marias Technology

SESSIONS 1, 2, 3

Use Gaming Skills to Unwrap the Goodness Do you play Fortnite, Super Monkey Ball or some other game? Use your gaming skills to perform laparoscopic surgery on a Tootsie Roll. Figure out how to balance speed versus damage to unwrap that Tootsie Roll. As a special treat—after you unwrap the Tootsie Roll—you can eat it.

LOCATION: Room 209 | West Hall

PRESENTERS: Dr. Kara Schultz, Jill Brown & Heather Kremer

SPONSOR: Wayne Healthcare

SESSIONS 1, 2, 3

Med Lab Tech—Is It for You? Are you curious? Are you a problem-solver? When you have a question—do you just *have* to find the answer? Then a career in Medical Laboratory Technology may be a good fit for you. We will explore the physical and chemical properties of urines and how they relate to diseases. Come and explore this essential and ever-changing diagnostic profession.

LOCATION: Room 344 | South Hall

PRESENTERS: Vickie Kirk | ESCC Medical Lab Technician Program

SPONSOR: Edison State Community College

SESSIONS 1, 2, 3

“Roll” Into Creative Code Curious about coding? Join us for a session where you can learn how to operate, drive and perform basic coding with Sphero Bots. These programmable robot balls are designed to inspire creativity and curiosity through coding and play. Complete hands-on activities and gain confidence in coding.

LOCATION: Tech Lounge | South/East Hall Area

PRESENTERS: Jessica Adams & Alisha Barton

SPONSOR: OSU | Miami County Extension Office

SESSIONS 1, 2, 3

Help Edison—He’s Sick and He Can’t Get Up! Come and play with “Edison”—our human patient simulator. “Edison” is a mannequin who can breathe and talk. “Edison” is sick and needs your help. Use a stethoscope to listen to his heart and lungs. Explore nursing and join us for some fun, interactive activities.

LOCATION: Room 020A | North Hall

PRESENTERS: Michelle Dancer & Ashleigh Radick | ESCC Nursing Program

SPONSOR: Edison State Community College

SESSIONS 1, 2, 3

Have Fun with Robots Experience maneuvering, controlling and programming a robot? Discover how robots have changed manufacturing. See how fun it is to learn about the designing tooling and fixtures required to accommodate robots with their running process.

LOCATION: Room 329 | South Hall

PRESENTERS: Jullian Calliham

SPONSOR: Raymath Manufacturing

SESSIONS 1, 2, 3

Who Doesn’t Love Virtual Reality? Are you ready to work in manufacturing without leaving the classroom or change your car’s oil without getting greasy? Use STEMM skills to train in virtual reality, featuring over 200 simulations.

Transfrvr takes you into the world of work through its immersive simulation training. Don’t tell me this isn’t cool.

LOCATION: Room 201 | West Hall

PRESENTERS: Dan Risko

SPONSOR: Transfrvr

SESSIONS 1, 2, 3

Barbie Bungee Jumping We are going to make math hands-on with games that challenge your brain. Let's throw it back to your childhood with toys from the past. Join us as we design a bungee-jump ride for a Barbie doll.

LOCATION: Room 331 | South Hall

PRESENTERS: Lisa Hartwig & Students | ESCC Math Department

SPONSOR: Edison State Community College

SESSIONS 1, 2, 3

CSI @ Edison State—Are You the Next Abby or Penelope? Come find out if a career in police science is in your future. CSI is a more-recognizable term for the general form of police science—which includes forensics, criminology, investigations, criminal justice, corrections and more. This is an interactive class—there will be hands-on demonstrations.

LOCATION: Room 426 | East Hall

PRESENTERS: Laura Larger | ESCC Police Academy

SPONSOR: Edison State Community College

SESSIONS 1, 2, 3

From Corn to Ice Cream—Agriculture is More Than Farming Ever wonder what makes a corn kernel grow or what lies beneath the ground you walk on? Join us and learn about the agriculture "circle of life." Follow a kernel of corn from the time that it is planted—until the time it turns into something delicious to eat. We will explore the technology and science that agriculture uses to create many of the products you use every day—and we will wrap up with a sweet treat.

LOCATION: Room 406 | East Hall

PRESENTERS: Brad Lentz & Agribusiness 2 Students | ESCC Agriculture Program

SPONSOR: Edison State Community College

SESSIONS 1, 2, 3

Things that Make You Scratch Your Head How does that do that automatically? Automation control systems in your day-to-day life operate an air conditioner, a refrigerator, an air conditioner, a bathroom toilet tank, an automatic iron, an ice-maker and many processes within a car—such as cruise control. Learn how to create wire schematics and write PLC Logic for automation equipment. Come and play with an interactive PLC demonstration and learn visuals during this session.

LOCATION: Room 211 | West Hall

PRESENTERS: Hallory Leuthold

SPONSOR: Crown MTC Automation Group

SESSIONS 1, 2, 3

Invest \$ Today = A Brighter Tomorrow Don't short-change yourself when it comes to a better future. Discover how the financial choices you make today will determine tomorrow's success. Come and learn how to control your own financial destiny – princess or pauper?

LOCATION: Room 233 | West Hall
PRESENTERS: Diana Paulus, Sherrie Collett & Evan Jameson
SPONSOR: Mutual Federal Bank
SESSIONS 1, 2, 3

Blood, Boils and Germs—Oh My! Come see some of the amazing women that work in Premier Health Urgent Care centers and learn how easily germs spread on the hands and surfaces. You will also have the opportunity to try your hand at drawing blood from a “patient’s” arm and experience “popping” an abscess and closing the wound. This will help students understand some of the procedures and precautions taken at Premier Health Urgent Care.

LOCATION: Room 020B | North Hall
PRESENTERS: Brittany Jamison
SPONSOR: Premier Urgent Care
SESSIONS 1, 2, 3

Take the Spaghetti Challenge—Cook It? Eat It? Or Build It? Master the secret of building a really tall spaghetti and marshmallow tower—and gain insight into the real-life processes of testing, development and prototyping that engineers and scientists use. Working in teams, you will race against the clock to build the highest possible tower—built entirely out of dried spaghetti and marshmallows. Explore various methods in order to create the tallest and strongest structure. Rebuild and alter your design to improve it. Come on, you've got this!

LOCATION: Room 323 | South Hall
PRESENTERS: ESCC Students | ESCC Student Senate
SPONSOR: Edison State Community College
SESSIONS 1, 2, 3

Don't Be a Vulnerable Sally the Salamander or a Defenseless Lola the Lamb Discover fundamental, hands-on tips on how to avoid harm and defend yourself in the event of an attack. What would you do if you found yourself faced with a violent or dangerous situation? Would you run? Would you comply with your attacker's demands? Would you defend yourself? No two situations are the same, but you can develop a plan to help you survive an attack. After all, you are the one who is ultimately responsible for your personal safety. This is an interactive class—there will be hands-on demonstrations.

LOCATION: Aerobics Room | North Hall
PRESENTERS: ESPD Officers| ESCC Police Department
SPONSOR: Edison State Community College
SESSIONS 1, 2, 3
