North Hall Room 057  
Edison Community College  
Piqua, OH

*An intensive 5-day training tailored to the public-sector workplace and its processes that gets people learning and using Lean methods and tools*

When LeanOhio Boot Camp participants complete their 5 day training, they are newly equipped to:

- Scope an improvement project
- Make invisible processes visible so they can be dramatically simplified
- Be an effective improvement team member
- Identify the leading causes of waste
- Eliminate batching and other enemies of speed
- Decrease the complexity of processes and eliminate unneeded steps
- Develop requirement for an efficient process *before* implementing IT solutions
- Create a dashboard of visual data to easily measure progress

Participants receive:

- LeanOhio Boot Camp manual
- Lean Tool Kit
- Certificate of Participation
- Access to the LeanOhio Network

Investment:

The cost per participant is \$2,000. Registrants may apply for a scholarship voucher through the Local Government Efficiency Program at <http://lean.ohio.gov/local/faq.aspx> to cover the cost of the program.
